IN 35TH YEAR—EVERY WEEK SINCE 1905

HAMLIN, JONES COUNTY, TEXAS FRIDAY, NOVEMBER 24, 1939

NUMBER 4

## REV. H. W. HANKS GOES BROWNFIELD

Information spread rapidly Sunday afternoon, in Hamlin, that the District Conference of the Methodist Church had seen proper to transfer Rev. H. W. Hanks from the Hamlin pastorate of the Methodist Church to that at Brownfield.

Rev. Hanks has spent three years in Hamlin and has built up a wonderful circle of close friends in this community. Ordinarily, after a Methodist pastor spends three years in a place he automatically gets to finish the customary "four" years there.

Looking back over the files of the Herald, we find the story of Rev. Hanks' move similar to most all others. Generally the Methodist pastors in Hamlin are grand good fellows, and after a time build up friends in all denominations, who make no "bones" in expressing their disapproval of the customary move. Now Brother Hanks (take this from a Baptist too) is a prince among men, loved and appreciated. And this goes for his entire family, too. Then, is it any surprise that the Herald voices the regrets of all Hamlin that this good family is being taken from us?

The expressions, herewith, are quite similar to the sentences Rev. Hanks found in the Herald when he replaced one of the best men ever to live in Hamlin, just three years ago. Maybe the public opinion of the "moved ministers" made the incoming one resolve, all the more, to win the esteem of his new-made friends, and thus is the reason why all of us regret to see the Hanks family leave us, at least one year early.

The Brownfield pastor, Rev. John W. Hendrix has been assigned the Hamlin Church. Information is that he will be here for the coming Sunday services. Rev. Hendrix and his wife (they have no children) will find in Hamlin one of West Texas' best churches to work with. They will find a congeniality among all Hamlin people that will make their hearts yearn to stay when the years of pastorate have passed, and good-byes must be said. But such is the life of a Methodist pastor. Long friendships are built up and the move comes without even a dream of such. But there is one compensating feature of "change." It enables one to keep making "islands of friends" all about over the ocean of humanity, and the ripples of life will forever ebb and flow to stimulate the widening circle of Christian love.

## REV. HANKS EXPRESSES APPRECIATION TO HAMLIN

I wish to begin this article by thanking the people of Hamlin and surrounding community for the many kindnesses and all the consideration you have shown me and my family during our three years' residence among you. The pastors and members of each of the churches, both white and colored, the public school and each one connected with the same, the Lions Club, the Rotary Club, the Chamber of Commerce and each one connected with these, to each business concern, to one and all we express our sincere thanks and deep gratitude. We each feel that we have been made better by knowing you. In leaving, there is a pain gnawing at our hearts. There will always be a warm place in our

## J. W. TANSEY DIED IN BEAUMONT, TEX.

A message was received Tuesday morning by Tate May of the F. & M. Bank, from Mrs. Charlie Wheeler of Beaumont, that her father, J. W. Tansey, had died in Beaumont, Texas, at 5:40 A. M.

J. W. Tansey was Hamlin's first rural mail carrier, a pioneer of this section, having owned farm lands near Hamlin, and held a business house in Hamlin at the time of his death.

Mr. Tansey was preceded in death by his wife several years ago. He is mourned by three children, Mrs. Charlie Wheeler of Beaumont, Mazie (Tansey) Hinds of Hinds, Texas, and Milton Tansey of Mineral Wells.

The message said that funeral services were to be held in Smithville on Wednesday.

The Tansey family figured prominently in all civic affairs in Hamlin for many years. The oldest son, Clarence, was making good in Chicago, when he died several years ago.

## ABILENE ROTARY GAVE PROGRAM

The Hamlin Rotary Club was favored by a program this Wednesday by the Abilene Club.

Heading the visiting Club was Don Morris, their president, and who is also President of Abilene Christian College. He acted as chairman and introduced Curtis Saylor, Dan Parrish, Jim Hooks, John A. Deffenbach, Julian Pace and Judge Tom Eplin, who made the chief address.

Judge Eplin took Rotary membership and Rotary ideals as his subject and brought many valuable ideas in what Rotary means to a business man and what any man can mean to the spirit of Rotary.

At the Wednesday meeting, the club also had a Dalhart man as a visitor, Mr. Otto Williams, a brother-in-law of Elmer Feagan.

The incoming pastor of the Methodist Church, the Rev. John H. Hendrix, a Rotarian of the Brownfield club, was voted a member of the Hamlin club, and he will likely make his first meeting in Hamlin on Wednesday of next week.

hearts for the people of this community.

The good man who is becoming your new pastor, Rev. John W. Hendrix, is my personal friend, and I commend him to all Hamlin people and to the church especially, as one with whom you will enjoy serving in the Master's cause. Rev. Hendrix will fill the regular appointments in the church Sunday, in the morning hours and will join in the Thanksgiving Union Services at the evening hour.

Please remember us when you pray. We ask God's richest blessings upon each of you.

Sincerely and truly,

### CHURCH PREFERENCE

#### AT TEXAS TECH

Lubbock, Tex.—Sixteen religious denominations are represented in the student body of Texas Tech's 3,890 students this fall. Methodists and Baptists lead with 1350 and 1248 students, respectively, indicating preference in these two churches.

Church of Christ, Presbyterian, and Christian churches, in the order named, claim the next largest numbers, with totals of 330, 280, and 222. Students showing preference in other denominations are as follows: Episcopal, 83; Catholic, 68; Christian Science, 27; Lutheran, 25; Jewish, 8; Assembly of God, 6; Latter

Day Saints, 5; Congregational, 4; Nazarene, 3; Four Square Gospel, 2; Greek Orthodox, 1.

Only 228 students stated no preference.—News Service.

Mrs. I. N. Baker and little daughter, Bettie Ann, left Monday night for Shreveport where they will spend several months with Mrs. Baker's mother, Mrs. R. S. Green. Little Miss Nell Baker, age 9, has been in Shreveport with her grandmother since school started in September.

Mrs. C. Y. Dossey, of Dallas, is a guest in the home of Rev. and Mrs. J. Henry Littleton.

## WEST TEXAS HOLDS HIGH COTTON RANK

The South Plains counties are stepping up to lead the state again in cotton production.

On November 1, the biggest producing counties stood as follows:

Nueces	78,598
San Patricio	59,877
Hunt	52,999
Lubbock	50,716
Lynn	49,662
McLennan	48,188
Kaufman	46,623
Hill	47,687
Collin	58,315
Fannin	49,518
Ellis	70,838

It appears that the far west counties, like Lubbock and Lynn may catch up with the earlier counties and once again head the state. However, the favorable fall and dryness have opened the Plains cotton very fast.

In this week's Herald a new law firm of Hardwick & Watson is announced for Stamford. Judge Hardwick is an old timer and needs no further introduction. His partner is Attorney Hubert L. Watson of Ft. Worth and formerly of Haskell and a high ranking graduate of the State University.

Mr. and Mrs. R. T. Spaulding and little son Rodney Allen of Norman, Oklahoma, came down Saturday for a visit with their parents, Mr. and Mrs. J. D. Rountree. Mr. Spaulding returned Sunday leaving his wife and baby to spend a longer visit here.

Glenn Carter and little son, Billy Glenn, age 6, of McCaulley were visitors in the Herald Wednesday morning.

Mrs. D. O. Sauls left Tuesday for Stenette to spend a few weeks with her sister, Mrs. Mollie Oats, who will likely return with Mrs. Sauls and spend part of the winter here.

Mr. and Mrs. Clifford Reynolds made a business trip to Fort Worth Tuesday.

## HAMLIN PIPERS LET ALBANY BIG LIONS COUNT UP 18 TO 0

Hamlin Pipers are not having such good counts in the away-from-home games. Their second trip away gave Albany 18 and the Pipers zero. That happened last Friday night.

The official report of the game reads as follows:

The Lions took the opening kickoff and in five first downs marched to a touchdown, J. Lee Fade carrying it over. Hamlin fumbled the next kick-off in the end zone and Fade recovered for the second Albany touchdown.

Hamlin fumbled again in the fourth on the 8 yard stripe. Hammond picked up five yards and then Fade plunged over for his third touchdown.

Passes from Johnson to Ivy of Hamlin were constant threats in the second and third quarters.

First downs favored Albany 14 to 10.

The lineups:

Hamlin—Walton and Brown, on ends; Barrow and Ellison, tackles; Barton and Kelley, guards; Lasseter center; Hill, quarter; Ferguson and Johnson, halves; Ivy, full.

Albany—Hammond and Morrison ends; Stewart and Davis, tackles; Tackett and Huddleston, guards; Crislip, center; Hammond, quarter; Fade and Freeman, halves; Day, full.

The Pipers are plying Arson this Friday night, in Anson, closing their 1939 season.

Miss Myrtle Lee Cohorn of the Mercy Hospital in Council Bluff came down Sunday, accompanied by Miss Pauline Young of the Bryan Memorial Hospital in Lincoln, Nebraska, to spend just a few days with home folks. Miss Cohorn will go on to Senton to visit her parents while in Texas.

Mrs. Richard Hinkle and son Harry Bowen of Monahans spent the past week-end in Hamlin with their parents, Mr. and Mrs. Bowen Pope.

## Red Cross Roll Call Closes November 30

The Red Cross Committee for Hamlin is highly pleased with the remarkable response that the Hamlin community has made thus far towards this season's Roll Call.

The ladies, Mrs. Clinton Barrow and Mrs. Bill Rountree, solicitors for the membership list have already done a good job, but are still in a receptive frame of mind and will continue to add to the list for Hamlin till the end of this month, when reports will be made to the head-

quarters for the county.

Hamlin has increased its 1938 Red Cross Membership more than 100 per cent, and yet there are some who want to show their humanity by contributing their one dollar and listing themselves in the army of Red Cross supporters . . . step up to either of the ladies mentioned, to W. E. Benson, Harold Bonner or the Herald Editor and tell them you want your name on the 1939 Red Cross list.

## Thanksgiving Nov. 30th

Thanksgiving for the year 1939 will go down in history as the most talked of, most widely observed Thanksgiving period this nation ever had.

This editorial on Thanksgiving is being typed on the Official Thanksgiving, Thursday, November 23, and even in this Hamlin town, there are some who are observing the day and others determined to wait until next Thursday, November 30, which, by agreement has been settled as Hamlin's Thanksgiving. Some of our neighboring towns are taking this 23rd of November for their special day for holiday. In every town and post office perhaps in the nation, the "early" Thanksgiving Day is being observed, and that from proclamation.

Hamlin postoffice was closed on Thursday, November 23 and there was no Rural Mail.

Next Thursday, the joke will be on the post office. Hamlin as a whole will be closed and the postal boys will be working, according to information, down at the local office. So if you failed to get into the office this week and if you failed to get your rural mail this Thursday, you may expect the usual service on November 30.

Twenty-five states are following the President's proclamation, and in all others it is a mixed irregular observance. Perhaps it will not be that way in 1940. Since the one week early date has been suggested, all plans and programs for 1940 will be adjusted for the "THIRD" Thursday in November and in after years, there will be no confusion.

There is nothing especially sacred in the age-old last Thursday in November. Everybody can agree that it is better to move the date up one week. It would have been just as easy to "stop and give thanks" this Thursday as next week. So by next year we can mark a ring around the third Thursday.

## RECORDAK! WHAT IS RECORDAK, ANYWAY

Science and labor-saving inventions have again placed into the busy world a new banking "contraption," called a "Recordak." Now what is a Recordak, anyway? Did you ever hear of one?

A "Recordak" is now in operation down at the F. & M. National Bank. It is hard to describe, because the "inards" of it are covered up better than if it were a living thing with feathers for protection.

Miss Greenway, the well known woman banker of Hamlin, called the Herald man back "among the money" Monday afternoon, to prove our ignorance. She says, did you ever see a "Recordak?" to which we answered, "Nope, only a little kodak." So she pointed to an artistic piece of furniture, looking much like a cross between a radio, a kodak, and a filing case. Miss Greenway began to flip toggles, twist cranks, press down buttons, and at the same time before her lay a stack of "transcient checks," better known to all of us as checks drawn by some foreign company to pay somebody here in Hamlin.

To "clear" such checks there has always been a lot of records to keep so that the commercial world could know exactly where and who handled such checks. So the old way was to have some capable person to record them as to every detail, usually found on a check, such as date, whose check, payable to whom, for how much, what bank handled it, who endorsed it, and a lot of data, requiring a whole day to make the

records on a large number. So some lazy clerk got the idea of "Kodaking" those checks, quicker'n you can say "Jack Robinson," and so was born the "Recordak." The banks all over the country are installing the "Recordak" system of keeping tab on "transcient" checks, now.

Miss Greenway "cleared" the Monday run of checks right there before our eyes in only a few minutes. The stack of checks are placed on the photographing deck, beneath a cluster of brilliant electric lights, she presses two buttons and then flips the top check over, revealing the endorsements on the back and also placing the next check to the machine with its face up. This time the buttons are pressed, and the back of the first check and the face of the second is photographed on a little roll of films in the machine. The process keeps up—photographing the back of one and the face of the other till the whole day's work is done. There is no guess work. Every dot and splotch is taken. When the roll of films is used, the roll is sent off to the "Company" for development and then returned to the bank for filing away. To see the "transcient checks" that were handled any time in the past, the completed roll is again inserted into the machine and each and every check is shown just as it was first handled. This is a "fool proof" machine, and takes the place of one full-time employee.

"The Recordak" is not sold to a bank, but rented or leased. The Hamlin bankers are among the first to use this kind of "transcient check" recording.

### In Fairness to Franklin D. Roosevelt

In December of 1938, President Franklin D. Roosevelt announced his intentions of setting up at Hyde Park, for the first time in this country, what might be called a source material collection relating to that period in American history from 1910 down to the present. The collection was to be housed in a building built by private subscription. The property was to go finally to the Federal Government. The President also wished that the family house at Hyde Park and the greater part of the estate should be taken over by the United States after his death.

The New York Times, in comment, "Aside from partisanship, the only intelligible reason for objection is the notion that everything should be piled up in Washington."

Representative Burdick of North Dakota took part in the discussion in Congress, and in a fine way called attention to some facts about President Roosevelt and the Democratic Party that the country generally is trying to forget. Representative Burdick is a Republican. Here's some of the things he said: "I for one, feel that 50 years from now the place that Franklin D. Roosevelt will occupy in the United States history will be quite different from today's sentiment upon my side of the House. I, as one Republican, am willing to confess openly, that considering the condition of affairs when President Roosevelt came into power in this country, he, more than any other man in the United States, is responsible for our having a representative form of government. If he has made mistakes, history will take care of that, but history cannot take away from him the position he occupies in being the source of inspiration for the American people to continue this form of government. I am for this Government. I want to make this government better. When history is written 50 years from now, I think it will contain nothing of which even the Republicans need be ashamed."

### With Our Subscribers:

The Herald is always pleased to hear from former citizens of Hamlin and to know they still have a place in their hearts for the good people of Hamlin.

People of this nature keep friendships fresh in their memories by taking the Hamlin Herald.

Among the recent letters received this week from old friends and neighbors, are Mrs. David White of Antlers, Okla. She is a pioneer who with her late husband, Dr. David White, helped make Hamlin. In Mrs. White's letter to the Herald she inclosed a clipping of an Arizona paper showing her son, Y. C. White, who is executive secretary in the hospital where Winnie Ruth Judd escaped. Y. C. White was formerly Postmaster in Hamlin. Mrs. White keeps up with Hamlin by taking the Herald.

W. J. Mathes of Crane is another former Hamlin citizen, who sends in a pretty \$1 check to keep the Herald coming. He is with an oil company at Crane and he says he wants a few extra back copies of the Herald to see what the folks have been doing around here the past few weeks.

The Herald is going this week to H. G. Norris at the Naval Training Station in San Diego, California. Young Norris is a likeable Hamlin boy who is completing his schooling in the Navy.

Roy Tims is a new subscriber for the Herald these days. Roy is learning railroading and telegraphy on the Santa Fe at Happy, Texas. The Herald will be his best friend these winter week-ends.

Mrs. Belle Maddox, who has been living at the Sand and Gravel Station north of Hamlin, moved last week to Pernell, Okla. Mrs. Maddox is to get the Herald for a full year to keep up with her old friends in the Hamlin country.

### "Borrowers Are Welcome" Says Bank

"A Loan Is not a Favor," says a leaflet recently issued by one of the leading banks of the nation, to its depositors.

"A Loan is a business transaction and should be of mutual benefit to borrower and lender," the leaflet continues. "If you wish to obtain a loan for a sound purpose, and if you meet our other credit requirements, we will approve your application promptly."

"If it does not meet our requirements, of sound banking, we will tell you so frankly, together with our reasons."

"In granting loans, we have important obligations to four groups; depositors, borrowers, stockholders, and our community. To protect the interest of all these people we have definite policies, made in accordance with sound banking principles, which guide us . . ."

It sounds simple—and it is. The mystery that surrounds bank loans in the public mind should be thoroughly dissipated. Loans are the primary sources of most banks' income. No bank wants to refuse a loan. Refusal, when it is made, is necessary in the interest of protecting one of the four groups the leaflet mentions. The banker, after all, doesn't own the money. He is simply its custodian, working under strict laws on behalf of his depositors and the public.

"A loan is not a favor." But the banker does the would-be borrower and everyone else concerned a definite favor when he refuses an unsound loan.—Industrial News.

G. A. (Gus) Atkinson, 82, former representative, and for the past 12 years assistant doorkeeper of the House of Representatives, recently went to his eternal reward, passing away at his Grayson County home. Our last memory of "Uncle Gus," as he was affectionately known, was while he was in the 46th Legislature. He had full possession of his mental faculties and his eye-sight was good. He deplored to see the waste of the taxpayers money and frequently called attention to the fact that many employees of the Legislature spent the day on the floor without doing a thing but draw their pay.

Another old-timer in Texas to depart this life recently was John William Stephenson, 67, grandson of Gen. Sam Houston, of San Antonio.

Basil Teague of Houston, came Saturday night to visit his mother, Mrs. W. B. Teague in the Wise Chapel community. Basil is with the Texas Co. in Houston.

### Huckster Sings of Beauties of Wares

Pipes in a Different Voice For Every Vegetable.

PITTSBURGH. — Housewives in Pittsburgh's Hill district are coming to the conclusion that Simon Friedman is no ordinary huckster.

Unlike the usual unimaginative vendor, Friedman does not solicit business with a curt, "Any vegetables today, lady?"

Instead, Friedman stands amid the vegetables in his cart, throws out his chest, and with the gestures of a Metropolitan Opera star, sings in a fine tenor voice with remarkable carrying powers:

"Beautiful little pickles, Very good pickles; Onions that are like diamonds; Oh, wives, I have good tomatoes, Large, beautiful good tomatoes, That gleam like giant rubies; And green peppers, The largest in the city."

Sometimes Friedman sings his arias to the tune of "Figaro"—his favorite—but his versatility often extends to other operatic tunes, which he alters as he goes along to fit his message.

On the job for 25 years, since he came here from Warsaw, Friedman has an aesthetic appreciation for his wares.

"Why, there behind me on my wagon," he declared, "are vegetables—all like jewels. All fresh and beautiful. And so I sing—sing of all my jewels."

Although he is past the 60 mark, Friedman's voice is as clear and as powerful as it ever was. He insists that his customers can hear him coming "three blocks away."

And he adds proudly, "I have a different voice for every vegetable."

### Build a Parsonage So

Their Pastor Will Stay

WASHINGTON.—Having lost six pastors in 11 years through marriage, Methodist parishioners, of Bethesda, Md., are not taking any chances with the present minister and his recent bride. They are building them a parsonage.

Not that the congregation regrets the marriage of its leaders, but every time that has happened the couple has left for better-housed spiritual fields. After all, a parson's bride likes a home with curtains in the windows, petunias in the garden and a cozy kitchen.

Something just had to be done. So, while the Rev. Francis I. Cockrell and his bride were on their honeymoon members of the enterprising congregation rolled up their sleeves and began construction work on the parsonage, adjoining the church at St. Elmo and Norfolk avenue, near Old Georgetown road.

To keep the building cost at a minimum the churchmen are putting their shoulders to the wheel, even at the cost of lame backs, blistered hands and pounded thumbs, with the result that the house is expected to be dedicated soon.

Co-operation in the project has come from many sources. Seventeen building supply firms have donated materials and four congregational groups have raised over \$2,000, about half the necessary funds, through solicitation and personal gifts.

### Paris Still Is Counting

Deficit on Exposition

PARIS.—That the deficit of the 1937 Paris international exposition totals \$33,800,000 is revealed by the latest figures of the French government.

Total expenses were \$40,170,000. Of the \$33,800,000 deficit \$1,976,000 had been charged to the city of Paris and \$31,284,000 to the state. Receipts were far below, expenses far above estimates.

Some of the causes of the deficit are reported to have been constant program changes, administrative and technical errors, abandonment of safety clauses in contracts, frequent rises in prices and wages entailing revisions of contracts.

### Entire Business Block

Is Moved at Chattanooga

CHATTANOOGA, TENN.—An entire business block in Chattanooga was moved 20 feet, and the process was hardly noticeable, observers said.

The job was done by 80 workmen using giant screw-jacks. More than a score of business houses, located in the block, kept their doors open during the operation. The block was moved to make room for a wider Ninth street.

"I get along all right," said Gus. "Of course, it might be better if I could see, but it's nice here on the farm; always plenty to do."

## DO YOU FAVOR... COTTON MARKETING QUOTAS FOR 1940?

Marketing quotas will be in effect only if approved by at least two-thirds of the cotton producers voting in the Referendum on December 9th.

The 1940 marketing quota for a farm will be the cotton acreage allotment multiplied by the actual normal yield, whichever is the larger, plus any carry-over cotton which could have been marketed without penalty in 1939.

### IF COTTON MARKETING QUOTAS ARE IN EFFECT IN 1940 LOANS

1. Producers who plant within, or unknowingly overplant, their cotton acreage allotments will be eligible for any cotton loans offered.

2. Producers who knowingly overplant their cotton acreage allotments will not be eligible for cotton loans except on 1940 cotton in excess of their marketing quotas, and then only at 60 per cent of the rate for other producers.

### PENALTIES

3. Producers who plant within their cotton acreage allotments can market without penalty all cotton produced in 1940.

4. Producers who overplant their cotton acreage allotments will pay a 3 cents per pound penalty on cotton marketed in excess of the actual or normal production of their acreage allotments.

### IF COTTON MARKETING QUOTAS ARE NOT IN EFFECT IN 1940

1. No restrictions will be imposed on the amount of cotton which may be marketed by any producer regardless of the number of acres he plants.

2. No cotton loans will be available on the 1940 crop.

3. Less land will be available for soil-building and food and feed crops.

### IF COTTON MARKETING QUOTAS ARE OR ARE NOT IN EFFECT IN 1940

1. Producers who plant within their cotton acreage allotments—  
a. Will receive full conservation

payments.  
b. Will receive price adjustment payments.

2. Producers who unknowingly overplant their cotton acreage allotments—  
a. Will receive conservation payments with deductions.

b. Will not receive price adjustment payments.

3. Producers who knowingly overplant their cotton acreage allotments—  
a. Will not receive conservation payments.

b. Will not receive price adjustment payments.

Marketing quotas have no effect on the cotton acreage allotment or normal yield for any farm nor in the rate of conservation of price adjustment payments.

Quotas may be used to forestall further increases in our already large cotton supply, and to protect each producer's fair share of the domestic and foreign demand for American cotton. Marketings in excess of this demand lower the income of all cotton farmers and tend to defeat the efforts of those trying to produce and sell the amount needed by the world.

## BEEF PREPARED FOR A. C. C. HOMECOMING

Abilene — Twenty-two hundred pounds of beef "on the hoof" has been purchased by Abilene Christian College for the free West Texas barbecue, a traditional highlight of Homecoming, November 24 and 25.

Last year a record crowd of 2000 ex-students and friends were present for this feed and the other events of the Homecoming program. Officials predict this year's crowd will exceed all previous records.

Invitations numbering 6250 have been mailed to ex-students living in practically every state of the Union urging them to join the ex-students pilgrimage back to their alma mater November 24 and 25.

Featured events of the program include the huge bon-fire and pep rally Friday night; ex-students chapel, free barbecue, organization meetings, and the A C C football game with McMurry college, Saturday.

A C C is sponsoring a reunion of students from Christian colleges formerly located in the Southwest in connection with the Homecoming. Some of these institutions which

were forerunners of A C C are: Thorp Springs, Lingerville, Clebarro, Gunter, Terrell, Lockney, Sabinal, and Cordell (Okla.) Christian colleges.

## Let's Be Thankful for Electric Service, too!

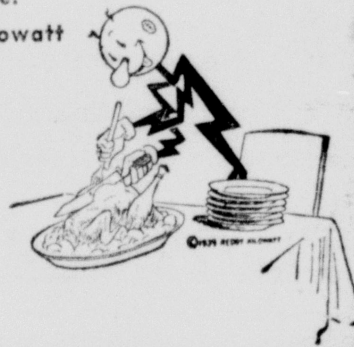

"I am thankful for my electric range. It's so much easier to prepare Thanksgiving Dinner."

Electric Service is something we've all come to accept without much thought. That's because it's so very, very good and dependable. We simply needn't worry about it at all. So it's fitting and proper that we pause at Thanksgiving time to give a moment's thought to the marvelous value—nay, bargain—we get in return for the few pennies a day that we pay for Electric Service. Light is only one of the many items of service included in the monthly statement. Refrigeration, Cookery, Radio, Sweeper, Coffee-maker, Washer, Iron—all these and more cost less today than our grandparents paid for light alone! To use

this Service, we need only turn a switch. And behind the switch are a thousand men and women whose constant labor and research make Electric Service both dependable and economical. Jobs thus are created—a \$1,300,000 payroll in this West Texas area. Taxes are paid—almost a half million dollars annually for the support of local, county, state and federal governments. We can well be thankful for modern Electric Service.

"I serve all the people."

## ONE MILLION NEW DRIVERS ANNUALLY

(By ED HEDNER)

National Service & Mechanical Mgr. Chevrolet Motor Division

In the United States, each year sees nearly one million brand new motorists take the wheel and begin the process of acquiring skill in driving. Driving is one of the things that can best be learned by doing. To many it comes quite naturally; to others it does not.

There is reason to believe that the beginner who is of a mechanical mind has advantages over the beginner who, lacking mechanical interest, is forced to learn his driving technique entirely by rule. This is because the mechanical-minded driver understands the reasons for each move, comes to see, subconsciously, the mechanical processes set in motion by his hand or foot, and thinks of his driving in terms of what is happening under the hood. But anyone who will take the trouble to ground himself in certain fundamentals about his car is likely to develop into a safe and skillful operator, whether he happens to be mechanical-minded or not.

To the thousands of young people

in particular, who since last spring have taken up driving for the first time, the arrival of autumn is a critical period in the process of learning to drive. In a way, it is their introduction to an entirely new type of operation, calling for greater care and skill than is needed when pavements are dry, visibility is good, and traction is at its best.

With modern automobiles, the driver's control over his car is just as complete in winter as at any other time. But it frequently requires greater skill to exercise this control, and for this reason, the new driver should be extra cautious during the season when frequent rains, soggy wet leaves, and periods of hazy weather complicates the

### BOYD CHAPEL CHIRPS

(Mrs. L. F. Cozzen)

Most every farmer in our community is trying to finish their fall plowing this week.

Mr. and Mrs. J. P. Cornelius, along with Misses Tobey Estes, Filena Kelly, Edna Maude Crow and Mr. Bobbie Fail visited Robbie Cornelius in Dallas the last week end. They report Robbie doing fine in her beauty work there, with the exception of getting homesick.

Our community was made sad the past week over the death of Orvil Young, a son of Mr. and Mrs. Raymond Young, who lived in our community some 25 years, but for the last few years had lived in Abilene. The large crowd that attended the funeral and the beautiful floral offering proved he had a host of sorrowing friends at Boyd Chapel. We extend sympathy to the bereaved loved ones.

Those from our community shopping in Sweetwater Monday were: Mr. Luther Haught, Jim Ferguson, Willie Tabb and Mr. and Mrs. L. F. Cozzen and Herther Taylor.

Mr. and Mrs. Luther Haught and family and Mr. and Mrs. Albert Haught and Mr. W. M. Kelly spent Sunday at Hitson in the home of Mrs. Clarence Hill, daughter of Mr. and Mrs. Luther Haught.

We are so sorry to learn we have lost our former pastor, Rev. J. L.

Mayhew and his good wife, but we are glad to know they are getting a better appointment and will be looking forward to our new pastor, Rev. Claude Ottinger.

Mrs. E. K. Whittenburg entertained her two children Sunday with a birthday dinner. Several friends enjoyed the happy occasion, with them Clarence, her son, and Mrs. Charley Bingham, her daughter, received several nice gifts.

Mr. and Mrs. Buster Bingham went to Mineral Wells the past week end, pecan hunting and visited old friends there.

Local talent in our community will soon give a real entertaining play, "George in a Jam," sponsored by Mrs. Ollie Hennington, principal of our school. Watch for the date.

Mr. Luther Harris, a brother of Mrs. Lester Woods, has been visiting Mrs. Woods and his other sister, and brothers at Abilene the past week.

Mr. and Mrs. Vaden Lester and sons, Bobbie and Terry, returned to their home at O'Brien last Tuesday after a week's visit with her parents, Mr. and Mrs. Cozzen.

Mr. and Mrs. Edd Killen and son John Edd also visited a few days with the Cozzens.

We are sorry to learn Grandpa Tindal, father of Sam Tindal, is very sick in the home of Sam Tindal.

The Willing Workers Club met with Mrs. I. E. McClure Tuesday of this week. There was a big crowd present. We quilted on two quilts. At the refreshment hour we were served with sandwiches, cookies and a nice drink. We meet with Mrs. Lee Ward next meeting.

The singing class met in the home of Mr. and Mrs. Lester Woods on Wednesday evening. We had for our guests, Mr. and Mrs. Henry Ship of Hamlin, Mrs. Amon Weaver and Miss Rogers of Neinda, Mr. and Mrs. Harry Burkett and his mother of Girard, Mr. Luther, Homer and George Harris, brothers of Mrs. Woods and Mr. and Mrs. Delmer Miles and daughter, Missie, and Mrs. Woods' sister and family of Abilene. Mr. and Mrs. Harry Burkett and his mother are spending Thanksgiving in the home of Ollie Estes.

Thanks to Mrs. Earl Brown and Miss Polly Kelly for writing the Boyd Chapel news last week.

## A Million Drivers

task of driving.

Especially in towns and cities, wet leaves constitute the greatest autumn hazard. By making starts and stops less certain, they demand of even the experienced driver a degree of caution he has had little occasion to use since the snow and ice went out last spring. To the novice, they present some problems which are entirely new.

For these, there is no better safety advice than the rule that is now almost axiomatic: Always drive in such a manner that you can stop in the clear space ahead. Many a motorist has thought he was obeying this rule, only to find that the stopping-distance on wet pavement, or in slippery leaves, was something quite different from the stopping-distance on hard dry concrete. Here are the few simple rules which will be found to apply:

1. Keep to speeds at which you can certainly stop, no matter what the conditions underfoot.

2. Apply the brakes gently and intermittently at first, with the engine still in gear, and let the inertia of the power plant help slow you down.

3. 'Feel' your way to a stop, releasing brake pressure at the slightest tendency to slide, and re-applying brakes gently as the wheels turn again.

4. If the pavement is very slippery, shift into second gear when speed is slackened to eight or 10 miles an hour, and bring the car to a stop.

All these rules are necessitated by one simple fact: the laws of inertia prevent quick stops—or quick starts either—when ground conditions are such that traction is poor. So much for the theory of it. The driver who is about to undertake his driving under the new conditions ushered in by these seasons will be wise to experiment carefully, leaning always to the side of caution, until he has learned by experience exactly what response to expect from his car on any given surface—leaves, slush, mud, snow or ice.

## I GIVE YOU TEXAS

(By BOYCE HOUSE)

'Names make news.'

United States Senator Tom Connally has grown in prestige through the part he played in the debate on the embargo repeal law.

Everybody has at least one failing—Ralph Yarborough likes to play the phonographs in cafes, tho he does reduce the "offense" by selecting cowboy tunes.

Meteoric has been the rise of Jerry Sadler—a year ago practically unknown outside the East Texas oil fields, today State Railroad Commissioner and high in the favor of Franklin Delano Roosevelt. However, even friendship has its limitations and the President declined Sadler's offer of a dip of snuff during a recent White House visit with the humorous remark, "I never use it so soon before lunch."

Texas lost a man of truly sportsmanlike character when Coach W. B. Chapman of Lubbock High School—formerly of Cisco High—died a few days ago. His teams were always smart, alert and clean. He impressed his character upon hundreds of boys. It is a fine thing that our young men should be performing on the gridiron in contrast to the boys of Europe who are fighting and dying on the battlefields.

Modest and smiling, "Chap" never lost that dazzling smile, even after dropping a close game. We who knew and admired him are going to miss him greatly.

Jottings about the "fourth estate."

Did you know that Emil Hurja (who was credited with being the statistical genius back of Jim Farley's amazing forecast that the Democrats would lose only two States in '36) used to be publisher of the Breckenridge American.

That Claud Callan, whose 'Pa' philosophy is nationally syndicated, was editor at Menard—away back when the town's name was Menardville?

And that Wesley Winans Stout, editor of the Saturday Evening Post once was a reporter on the San Antonio Express?

Othello had many "hair-breadth" escapes by flood and field and then, turning his back upon warfare, he exclaimed, "Farewell, the neighing trump, the plumed steed—Othello's occupation's gone."

Wonder if the mind of a grave-featured though young Federal Judge ever wanders, as he sits on the bench and some lengthy deposition in some dull lawsuit is being read to a jury, back to the days when a slim, boyish chap named Jimmy Allred carried around a suitcase full of cans of groceries which he exhibited to make a point in his speeches while running for Attorney General?

Does he ever think about Allred's first race for Governor in that hard-fought run-off in 1934—when he licked his opponent to Christopher Columbus?

"Who, when he started out, did not know where he was going; when he got there, didn't know where he was; and when he got back, couldn't tell folks where in thunder he'd been."

Or that "nifty":  
'I heard my opponent the other night criticizing me for using the radio and he was talking over the radio himself at the time.'

Or that little story that Allred used to tell about the tombstone with the inscription:

"Good friend, pause, as you pass by; As you now are, so once was I; As I now am, you soon shall be— Prepare for death and follow me."

But some wag penciled underneath:

"Wherever you are, I wish you well, Whether up in heaven or down in h— But to follow you, I'm not content, Until I know which way you went."

And that fiery climax of Allred's speech, with the pleading tone: "They're ganging up on me; my back's to the wall; won't you help me?"

Then, with a sweeping gesture to the table with its campaign folders, there came with evangelistic fervor: "Come down here and get some of this literature and go forth and make yourselves messengers of truth among men."

Ah, me! Those were the days.

To help supply her family with food each 4-H club girl should set out 50 berry plants, if possible in February. If the girl cannot set out at least ten or fifteen berry plants, she should raise tomatoes. Fruits should be eaten because it contains vitamins, minerals and acts as a laxative. A fruit cup and an orange banana split salad were prepared at club.

## ALATHEAN CLASS HOLDS

### ANNUAL THANKSGIVING

#### LUNCHEON

The spirit of the Thanksgiving season was the inspiration for program and decorative features for the Alathean Class luncheon held Tuesday at 12:00 o'clock at the First Baptist Church.

Roses and chrysanthemums decked the large banquet room where autumn shades were featured in table decorations. An arrangement of fruits and vegetables interwoven with autumn leaves in bronze and red hues formed the main centerpiece while gayly colored turkeys and pumpkins were placed at intervals the length of the long T-shaped table. Tiny pumpkins filled with nuts and candies also served as place markers.

Mrs. Arlie Cassle presented the program which opened with a song by Maxine Brundage and Stanley Wilson, accompanied by Mrs. W. C. Russell. Following this was a talk by Rev. J. H. Littleton on Thankfulness; a reading, "When The Frost Is On The Pumpkins," by Mrs. Heflin Miller and an inspirational talk by Mrs. M. Y. Wilson. Other guests introduced and making short talks were Tate May, superintendent of the Sunday School; Bowen Pope, superintendent of the Adult Department; Mrs. Bowen Pope, Mrs. J. Henry Littleton, Mrs. C. Y. Dossey, of Dallas, and Mrs. J. L. Keen, teacher of the class.

Class members present were Mmes. Arlie Cassle, Hal Raser, Lowell Ballew, J. D. Burk, G. P. Odum, Hubert Morton, O. G. Harvey, Travis Dean, Wesley Neidecker, Ed Brown, Theron Rogers, Alton Clemmer, Jesse R. Bonds, Carlton Kinchen, L. B. Maberry, Roy Brown, Gerry Richardson, E. W. Gardner, Delma Shelburne, H. O. ## A FEW ITEMS WORTH KNOWING

### (By GDT—OVER THE COUNTY)

A. W. Hampton of the Truby community has completed a large barn, 18 by 36 feet, and very substantially built, saying that he was tired of overflows from the Clear Fork ruining feed.

Then there were two farmers of the county who barrowed a 75 foot gin belt and using their tractor and a circle saw they were cutting up wood. The two gentlemen said they noticed that when they finished cutting a log that it seemed to be very hot but otherwise they paid no attention to such matters until they had cut several cords of wood and accumulated much sawdust. Sparks from the saw set the sawdust on fire, the sawdust set the wood they had already cut on fire and also the belt which ran to the tractor. The tractor was saved but the belt and several cords of wood were burned.

Whether you like to see the game or not, all will agree that it is a far happier situation to see our youth driving up and down the field between goal posts with a football in their hands than to see them doing like they are in Europe, going forth to battle with guns and swords that long ago should have been beaten into plowshares.

Lubbock, Tex.—Bogey of the blind date does not exist for timid Techsters who are availing themselves of the services of a newly organized "date bureau." Ten calls came in Saturday, the day the college newspaper announced the opening of service.

Membership in the bureau may be bought for ten cents, the cost of making and filing a photograph, say student founders. A lonely applicant simply calls the bureau, describes the type of person he or she wants a date with, and pays a 25-cent fee. One earnest youth misunderstood, however, and called yesterday for a "date" with an employer. He wants to work his way through school.—News Service.

## To Ease Women's Pain: "Build-Up"

Do you suffer periodically from headaches, nervousness, irritability, restlessness or cramp-like pains? If so, here's good news! These may be symptoms of functional dysmenorrhea, which is so often caused by undernourishment. By improving the appetite, digestion, assimilation, through the proper use of CARDUI, women by thousands find they are able to build strength, energy, and nerve-force. Thus periodical pain is relieved for many users of CARDUI. By taking it just before and during "the time," women by thousands report that CARDUI also helps to ease the pain and discomfort of the period.

### DEATH CLAIMS ORVIL YOUNG

On Nov. 16, a gloom of sadness was cast over the Boyd Chapel community when the death angel visited in the home of I. R. Young of Abilene, and claimed for its victim his son, Orvil, who had been ill for three years.

Orvil was born in this community twenty-one years ago and had lived here until he moved to Abilene three years ago. A flower just blossoming into usefulness was reaped when his life was gleaned by death's sickle and if the saying "Death Leaves a Shining Mark," was ever verified it was when the life of Orvil was taken. He was such a lively, jolly boy, and had a smile for everyone. He was noble, upright and loved by all who knew him. He bore his long suffering so patiently and fought so hard to get well. How our hearts yearned to see him restored to his health, but it was God's will to take him from this old world of sorrow, and place him where he can walk

The flag on the campus of the University of Texas was flown at half staff, evidence of the mourning because of the sudden death of a fine West Texan, 18, who was crushed to death when the street car in which he was riding in Austin was struck by a trailer on a truck. Austin has the record of being the most dangerous traffic center in the state. So be super-cautious when you have business in your State's Capitol.

Mr. and Mrs. L. A. Bonner of Malaga, New Mexico, were here Wednesday till Thursday visiting relatives. Mrs. Bonner was formerly Miss Mary Stewart, of Hamlin.

## Relief At Last For Your Cough

Creomulsion relieves promptly because it goes right to the seat of the trouble to loosen germ laden phlegm, increase secretion and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding that you are to like the way it quickly allays the cough or you are to have your money back.

again. He will be missed we know, but we must be comforted by the thought that roaming in the sweet fields of Paradise is Orvil, and if we be faithful we will find him again pure and sinless.

He was laid to rest beneath a bank of lovely flowers in the Neinda cemetery, after funeral services were conducted at the Boyd Chapel Methodist church by Rev. Ledger.

Pallbearers were his closest boy friends, Paul Gleason, Dee Cory, Bishop Bristow, Alfred Crow, Cloyce Young and Ole Hiller. Flower girls were Polly and Filema Kelly, Hoots Bingham, Betty Haight, Cloveta Estes and Bernice Maberry.

He leaves to mourn his departure four brothers, J. C. Leonard, Leo and Billie, and two sisters, Dorothy and Faye, his parents and his paternal grandparents, Mr. and Mrs. Bob Young of Boyd Chapel and his maternal grandparents, Mr. and Mrs. Childers of Lamesa, several aunts and uncles and a host of sorrowing friends.
